

# VIVID VISION

What does your business look like in three years?

Visualize specifics:

Where is your business? What does it look like? Who works with you? What are your key products/offerings? Who are your clients/customers? What is your role?

Who do you want/need on the journey to realize this?

How will you find these people to be “Stronger Together”?

Watch this Cameron Herald video to get more inspiration for this exercise:
